About Me

Computer Science graduate and Software Engineer with a strong foundation in full-stack development, cloud, DevOps, and system design. Skilled in building scalable and maintainable software solutions and passionate about designing reliable systems and solving complex technical problems.

Education

Misr International University

Sep. 2021 – Jul. 2025

Bachelor of Science in Computer Science, Minor in Software Engineering

Cairo, Egypt

Experience

MD Labs

Aug. 2025 – Oct. 2025

Java Full Stack Developer Intern

Heliopolis, Egypt

- Contributed to the company's Employee Management System using React and Spring Boot.
- Developed RESTful APIs to support employee management and core business operations.

Banque Misr

Jul. 2024 – Sep. 2024

DevOps Engineer Intern

New Cairo, Egypt

- Worked with Linux and Bash scripting for automation.
- Developed CI/CD pipelines and managed cloud infrastructure on AWS.

EFG Hermes

Aug. 2023 – Sep. 2023

Software Engineering Intern,

Smart Village, Cairo

- Trained in backend development using .NET and relational database systems.
- Applied OOP, Clean Code principles, and software design patterns in software development.

Projects

Pathfinder LMS for Education & Healthcare Services

Java (Spring Boot), React, Python, Docker, Kubernetes

Nov. 2024 – June. 2025

- Led AI-driven exam proctoring using computer vision and facial recognition.
- Designed and containerized Spring Boot microservices.

Library Inventory System

Flask, Docker, Kubernetes, AWS, Terraform, Jenkins, Prometheus, Grafana

Aug. 2024 – Sep. 2024

- Deployed a Flask app on AWS with Docker, Kubernetes, and Terraform.
- Built CI/CD pipelines with Jenkins for automated testing and deployment.

Web Application For Amr Elhedia Jewelry Store

Java (Spring Boot), Bootstrap, Docker

Mar. 2024 – May. 2024

- Developed the backend using Spring Boot, ensuring efficiency and scalability.
- Containerized the application with Docker, enabling easy deployment and management.

Technical Skills

Programming Languages: Java, Python, C++, C#, PHP, JavaScript, HTML/CSS, SQL/NoSQL

Frameworks & Libraries: Spring Boot, Hibernate, Flask, React

Cloud & DevOps: AWS, Docker, Kubernetes, Terraform, Jenkins

Version Control: Git, GitHub, BitBucket

Licenses

- AWS Certified Cloud Practitioner
